# Memorandum

**Date:** September 16, 2014

**To:** Honorable Chairwoman Rebeca Sosa  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor

**Subject:** Resolution Approving Significant Modification to Building Better Communities General Obligation Bond Project No. 194 and Addition of New Project No. 347 for Miami-Dade Corrections and Rehabilitation Department

## **Recommendation**

It is recommended that the Board of County Commissioners (Board) approve the attached resolution, which does the following:

- Approves a significant modification to the Building Better Communities General Obligation Bond (BBC GOB) Program Project No. 194 – *Construct a New Detention Center* to reduce BBC GOB funds allocated to the project.
- Waives provisions of Implementing Order 3-47 requiring completion of all existing BBC GOB Program projects or identification of funding for completion of all existing BBC GOB Program projects prior to adding a new project to the BBC GOB Program using Project No. 194 funds.
- Reallocates \$2,500,000 of surplus BBC GOB Program funds from Project No. 194 to new BBC GOB Program Project No. 347 – *"Retrofit of Housing Units at Turner Guilford Knight Correctional Center"*.

## **Scope**

BBC GOB Project No. 194 is located in Commission District 11, which is represented by Commissioner Juan C. Zapata. New Project No. 347 is located in Commission District 12 which is represented by Commissioner Jose "Pepe" Diaz. These projects have a countywide scope.

## **Fiscal Impact/Funding Source**

The item reallocates \$2,500,000 from Project No. 194 (two (2) percent of its original allocation) to New Project No. 347.

## **Track Record/Monitor**

Miami-Dade Corrections and Rehabilitation Department (MDCR) will implement the project and the Office of Management and Budget will monitor the project.

## **Delegation of Authority**

There is no additional delegation of authority related to this item.

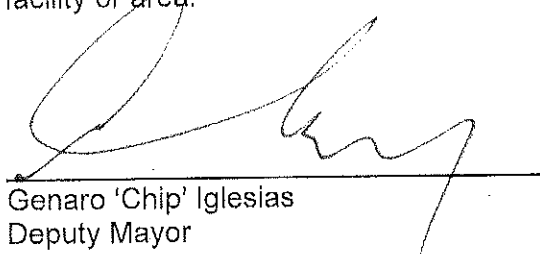

## **Background**

On April 17, 2013, the Board of County Commissioners approved a Consent Agreement with the United States Department of Justice (DOJ), which requires Miami-Dade County (County) and the Public Health Trust to remedy certain operational deficiencies in the County jail system. The Consent Agreement specifically addresses issues related to inmate medical and mental healthcare and the environment in which care is rendered. The Consent Agreement Provision C.5. *Mental Health Care Housing*, stipulates (d). *County shall provide quarterly reports to the Monitor and the United States regarding its status in developing the Mental Health Treatment Center. The Mental Health Treatment Center will commence operations by the end of 2014. Once opened, County shall conduct and report to the United States and the Monitor quarterly reviews of the capacity of the Mental Health Treatment Center as compared to the need for beds. The Parties will work together and with any appropriate non-Parties to expand the capacity to provide mental health care to inmates, if needed.*

The original plan was to collaborate with the Eleventh Judicial Circuit to renovate the existing South Florida Evaluation and Treatment Center and create a new Mental Health Diversion Facility that would serve as both a diversion and detention facility (BBC GOB Program - Project No. 193). It has since been determined that the capacity of the building and the current allocation of \$22.1 million for this facility would not accommodate the needs of both the County and the Courts and an alternative solution was required to comply with the provision.

A complete review of all County correctional facilities was conducted and the Turner Guilford Knight Correctional Center was identified as the best alternative due to its location, size, and facility design. Reasonable modifications are needed to convert six housing units to provide a more therapeutic and humane environment required for this special population. The project timeline includes completion of two units by December 2014 which would allow for the transfer of all Level 1 mental health inmates currently housed in the Pre-Trial Detention Center. The remaining four units, to be completed by the end of 2015, would accommodate all Level 2 and Level 3 mental health inmates. The estimated cost per unit is \$417,000, for a total project cost of approximately \$2,500,000. Approval is sought from the Board to reallocate \$2,500,000 of BBC GOB funds from the Krome Detention Center (Krome) project to fund the more urgent need of retrofitting housing units at Turner Guilford Knight Correctional Center to ensure compliance with the Consent Agreement. On April 29, 2014, the GOB BBC Citizens Advisory Committee approved Project 347 – "Retrofit of Housing Units at Turner Guilford Knight Correctional Center".

The original plan for the Krome facility included the construction of a new detention center with 2,000 jail beds and support facilities to be located on county-owned land, with an allocation of \$90,000,000. Because a facility of that size is estimated to cost more than three times the amount currently available, recent efforts have been made to identify an appropriate use of the existing funds, which includes, among other considerations, a scaled back version of the original project. The reduction of \$2,500,000 is not expected to have an impact on these efforts. By addressing the special needs of incarcerated individuals with mental illness, this project meets the criteria set forth in Implementing Order 3-47, which governs the Board's evaluation of new project funding. In particular, this project will have a positive impact on the healthcare of the population of the County and the safety of a particular facility or area.
